TREATMENT.

Heimbold's highly concentrated compound Extract of buchu is decidedly one of the best remedies for diseases of the bisdder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we baxe arranged Dysuria, or disticulty and pain in passing water, scanty secretion, or small and frequent dis-charges of water, Strangury or stopping of water, Hematuris or bloody urine, Gout, and Rheumatism of the kidneys, without any change in quantity, but increase of c lor or dark water. It was always highly recommended by the la e Dr Physic in these affections.

PHILADELPHIA, Pa., February 25, 1857. H. T. HELSBOLD, Druggist:-

Dear Sir:-I have been a sufferer for upwards of twenty years with gravel, biadder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminer t physicians, experiencing but little relief.

Having seen your preparations extensively adver tised, I consulted my ramily physician in regard to using your Extract of Buchu

I did this because I had used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well and determined to use no remedies hereafter unless I knew of the ingredients. As you advertised that it was composed of buchu, cabebs, and juniper berries, 1 occurred to me and my physician as an excellent com bination, and, with his advice, after an examination of the article, and consulting again with a druggist. I con-culed to try It. I commenced its use about eight months ago, at which time I was confined to my room From the first bottle I was astonished and gratified as the beny ficial effect, and after using it three weeks, waable to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a cure. knowing that it would be of greater value to you and and more satisfactory to me.

I AM NOW ABLE TO REPORT THAT A CURE IS EFFECTED AFTER USING THE REMEDY FOR FIVE MONTHS.

I HAVE NOT USED ANY NOW FOR THREE MONTHS, AND EEL AS WELL IN ALL BESPECTS AS I EVER DID. Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.

THE CONTEST YESTERDAY.

GENERAL BESULT. Twelve States held elections for Congressmen yesterday. The great question to be decided was, "Whether the people sustained Andrew Johnson's Policy of Restoration, or the Reconstruction plan of the present Congress "

Two States voted for the President-Maryland and Delaware; ten for sustaining Congress. This is a rebuke, the like of which has never been witnessed in this country before, and the Republicans have cause to be proud of their tr.umphs, especially when we remember that they had the patronage of the Executive opposed to them, and a party to fight whose promises indicated a desire to reduce taxation in various ways, even at the sacrifice of our country's tinancial credit.

THE VOICE OF THE PEOPLE. To show how the people of the United States have determined to sustain Congress, and to make treason odious, we append a general sum-

THE HUMORS OF THE CONTEST. General Benjamin F. Butler goes to Congress to impeach the President. He is the "sensational member,"

Mr. Demas Barnes, in the Third District of New York, is elected. He is a Democrat, and the most extensive dealer in patent medicines in the world. He goes to Congress not to physic the members, nor for the honor, nor for the psy, but to puff up his nostrums, and reduce the tax on quacks and quackery. Could be be called a regular candidate, or an old-school Democrat?

John Morrissey goes to Congress to show that one man is just as good as another, and a great deal better, if he behaves himself." He should be placed upon the Committee on Banks-general and national; he knows how to conduct some institutions of the same name. He should also be placed on the Committee on Rules, so that he could revise the code of etiquette, and apply some of the neatest things from the

"P. R." Blue-book. General Banks goes to the National Legislaore to take another ride on his favorite hobby. horse-Our Foreign Relations.

General Pile is driven into Congress for a purpose. The people knew how fond the President was of letting the ship of state float around loose, and they thought the Missouri Brigadier would make a good shore fastening. Mr. Fernando Wood has been elected for the

purpose of showing that even an honest munic pal Kleptomaniac can be elected from New York
